Volume 12, Issue 5

May 2001

ISSN 1073-1024

The 50 MHz DX Bulletin was founded by Harry Schools K3HS. It is dedicated to the understanding and utilization of long distance propagation in the 6-meter Amateur band. The current editor and publisher is Victor Frank, K6FV. Subscription rates are \$24 U.S. first class mail, \$27 Canada/Mexico airmail, and \$30 by airmail elsewhere for 12 issues. Circulation matters and DX reports should be sent to Victor R. Frank, K6FV, 12450 Skyline Blvd., Woodside, CA 94062-4554 USA. My Internet address is frank@horizon.sri.com. I am taking an HTML class and have a web site under construction at <http://www.qsl.net/k6fv>. The bulletin may be freely quoted, provided that credit is given.

Francis D Shepard, W7HAH

"Shep" passed away around 7 P.M. May 15, 2001 in St. Pat's hospital, Missoula, MT of a growing list of infirmities. Among his many accomplishments were DXCC on 160 through 2 meters and a leading position in 2m EME standings with a four Yagi system. The callbook indicates he had an Advanced class in 1972 and an Extra class when he died. He will be missed.

Joe C. Patterson, W5VY

"Pat" passed away May 9, 2001. He was 93. He was active on 50 & 144 MHz in the 1940s and made the first 50 MHz contacts from the US to Uruguay and to France. In June 1950, he worked W8WXV for the first known 144 MHz Es contact. He was also the first US station to work all states and 100 countries on 6m.

George Vernadakis, SV1AB

SV1AB passed away May 24, 2001. George was born in Paris in the twenties and was licensed as F9QN in Marseilles until the mid-fifties. Then he settled in Athens, Greece where he was active in DX and VHF/UHF. He was a founder of the "Radio Amateur Association of Greece", which he presided over for several years.

Additional losses this past month include LX1SI, age 80, on May 10, and *Six Metre Info*, age 97 issues, on May 31, when editor SM7AED announced this would be the last.

The 50 MHz DX Marathon

is a DX contest with grid fields (20' x 10' squares) as multipliers. This year's contest takes place between 00Z June 9 and 24Z July 8. We have simplified reporting and changed scoring in the hopes of increasing participation. Just send in your logs by mail or e-mail (to frank@horizon.sri.com) in form similar to the reports inside this bulletin. You need only make a valid non-relayed 6m contact. The first contact of less than 4400 km in length in each grid field earns 1 point, the remainder (if submitted) earn 0 points. Contacts of 4400-5500 km earn 3 points, contacts of 5500-6600 km earn 4 points, contacts of 6600-7700 km earn 5 points, etc. You may figure the distance or rely on our computer to calculate it (from the center of each grid square). Your logs should contain date/time, call, and either a 4 or 6 digit grid square (which you may obtain after the QSO). You must indicate at least once, your call and grid square. If you include both with each log entry separate with >; e.g., CM87>your grid. Logs must be postmarked by August 10, 2001 and sent to K6FV.
